EXIN Career Path certifications 202403

Main policy
of exemptions

Policy of exemptions

General:
- All building blocks are in the EXIN portfolio, external certifications are allowed as exemptions
- VeriSM Foundation can be replaced by EXIN ITSM, SIAM or ITIL, where ITIL counts as an external certificate;
- BCS VeriSM and SIAM are seen as EXIN certifications;

For Certified Integrator:
- 1 out of 3 certificates can be from an external party. Where external means that the certification is not in the EXIN portfolio;
- An EXIN certification can be replaced by a module in the same program of a higher level;

For Career Path:
- The career path is in the EXIN Portfolio scope of subjects (management, organization)
- Advanced certification must be from EXIN;
- Foundation certifications, 1 can be from an external party; the accepted alternative certifications are listed on the specific career path slide.
